AN INVENTORY OF ACADEMIC DEGREE PROGRAMS IN SOUTH CAROLINA

Introduction

This inventory of academic degree programs has been compiled by the South Carolina Commission on Higher Education primarily as an aid to institutional and to statewide planning for postsecondary education. The information presented will also be of value to those who wish to know at which institutions a given program is offered within the state. The inventory is based on information furnished to the Commission by each institution and is current as of the fall academic term, 1975.

The inventory is divided into two parts. In Part I are listed those programs leading to baccalaureate and higher degrees. In Part II are listed those programs leading to associate degrees and other awards less than the baccalaureate. Within the inventory, abbreviations used to categorize the level or levels of each program are defined as follows:

Abbreviation

C	Diplomas or Certificates
A	Associate degrees (such as Associate in Arts or Associate in Applied Science)
B	Baccalaureate degrees (such as Bachelor of Arts or Bachelor of Science)
M	Masters degrees (such as Master of Science or Master of Education)
S	Education Specialist degrees or Advanced Certificates in Education
D	Doctoral degrees (such as Doctor of Philosophy or Doctor of Education; also includes some first professional degrees such as Doctor of Medicine or Doctor of Law)

For convenience, programs are arranged according to a standard taxonomy (A Taxonomy of Instructional Programs in Higher Education, OE-50064, U. S. Department of Health, Education and Welfare, Washington, 1970). All institutions offering one or more programs identified with a given subfield are listed immediately following the entry for that subfield. State-supported institutions are included in the first group under each subfield, followed by private, or independent, colleges in the second group under each subfield.
